In re: FY 27 Community Project Funding - Tennessee Oncology Clinic and Apprenticeship Facility Expansion

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Tennessee Oncology Clinic and Apprenticeship Facility Expansion Project in Fiscal Year 2027. The entity to receive funding for this project is the Macon County General Hospital, Inc., located at 305 West Locust Street, Lafayette, Tennessee 37083. The funding would be used for constructing a new Medical Office Building that includes an Oncology Clinic and Apprenticeship Program Training Facility to expand access to healthcare and workforce training in Macon County. The project is an appropriate use of taxpayer funds because it improves access to critical medical services, supports local workforce development, and strengthens the regional economy.

The project has a federal nexus because the funding provided is for purposes authorized under the Public Health Service Act.

I certify that neither I nor my immediate family have any financial interest in this project.

Sincerely,

John Rose
Member of Congress
