The Honorable Rosa De Lauro
Ranking Member
Committee on Appropriations
2362-B RHOB
Washington, DC 20515

Dear Chair Cole and Ranking Member DeLauro,

I am requesting funding for the City of Hendersonville for Elderly and Handicapped Access and Overall Pedestrian Safety Improvements in the fiscal year 2025.

The entity to receive funding for this project is the City of Hendersonville located at 101 Maple Dr N, Hendersonville, TN 37075. This funding would be for new pedestrian sidewalks and crosswalks along Sanders Ferry Road that create safe connections to existing low-to-medium income areas of high-density development along Old Hickory Lake, providing access to the newly constructed lakeside greenway trail.

The project is an appropriate use of taxpayer funds because it benefits the current Census Tracts with the lowest median household income, addressing a critical need for safe and accessible infrastructure in these underserved areas.

The project has a federal nexus because the funding provided is for purposes authorized by 42 5305(a)(5).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

John Rose
Member of Congress
