Dear Chairman DeFazio and Ranking Member Graves,

I am requesting funding for Robertson and Sumner Counties in Tennessee, in the Water Resources Development Act of 2022. The project sponsor for this project is the town of Portland located in Tennessee's Sixth Congressional District.

The purpose of this funding is to upgrade Portland's existing PVC pipe with 12" ductile iron and installing a new 12" ductile pipe in conjunction with the other ongoing water projects the city is undertaking. This project is an appropriate use of taxpayer dollars as Robertson and Sumner Counties need access to an increase of safe drinking water.

I certify that neither my immediate family nor I have any financial interest in this project.

Sincerely,

John Rose
Member of Congress
