Washington, D.C. 20515

In re: FY 27 Community Project Funding - Cumberland County Sheriff's Office Integrated Digital Policing Technology Project

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Integrated Digital Policing Technology Project in Fiscal Year 2027. The entity to receive funding for this project is Cumberland County Sheriff's Office, located at 90 Justice Center Drive, Crossville, Tennessee 38555. The funding would be used for integrated body worn cameras, in-car video system, mobile data computers for patrol vehicles, integrated computer aided dispatch connectivity, and license plate reader program.

The project is an appropriate use of taxpayer funds because it modernizes outdated public safety technology in the Cumberland County Sheriff's Office with tools that will improve transparency, strengthen prosecution, enhance officer safety, and increase response efficiency.

The project has a federal nexus because the funding provided is for purposes described in section 1701(b)(9) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(9)).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

John Rose  
Member of Congress
