In re: FY 27 Community Project Funding - District 6 Community Center Generators in Davidson County, TN

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the District 6 Community Center Generators in Fiscal Year 2027. The entity to receive funding for this project is the Metropolitan Government of Nashville and Davidson County, located at 1 Public Square #100, Nashville, TN 37201. The funding would be used to purchase three generators for community centers in District Six. These community centers provide a wide range of programs and services to all members of the community. In emergencies, community centers open as sites for emergency services and resources.

The project is an appropriate use of taxpayer funds because it ensures that the Metropolitan Government of Nashville and Davidson County can support the residents of District Six, even during the worst emergency scenarios like the winter storm experienced just last winter that left thousands without power for days.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

John Rose
Member of Congress
